12.5kg

For more details and comprehensive instructions please refer to the **EASYJoint** tub and leaflet inside or visit **www.azpects.co.uk**

Rain or shine it goes in fine

EASYJoint

Protect your patio with the **EASYSeal** range

We focus on the development, production and distribution of a range of specialist products designed to make the job in hand either easier, quicker or both!

At the same time, we are ever conscious of the growing demand for environmentally safe or neutral products and work hard at delivering the best solution with as minimal environmental impact as possible.

Look it's **EASY**

The following guide is a brief overview to show **EASYJoint**'s ease of use and should not be solely relied on as installation instructions. Detailed guidance including suitability for use, precautionary advice, product information and product expectations is available online (including a demonstration video) and inside each tub. Visit www.azpects.co.uk before using **EASYJoint**.

It's **EASY** -
Check out our
on-line
demonstration
video

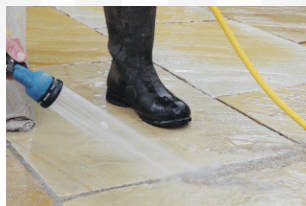

1. Saturate the paving -
The wetter the better

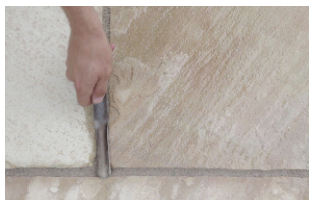

2. Open one tub at a time - form a slurry

3. Use a spray of water to help **EASYJoint** into the joints

4. Clear any residue **EASYJoint** as you go by washing with plenty of water, top up any sagging joints

5. Optional: Once the water has drained, to get a smoother finish, point (or strike) the joint. Never allow the surface to dry out with the compound on the surface

6. Cover any leftover product, in the tub, with at least 50mm of water. Subject to environmental conditions It will remain stable and safe to use for up to 12 months

COVERAGE 1 x 12.5Kg Tub of **EASYJoint** will cover approximately the following areas*

Paving Size (mm)	Joint Size (mm) 30 x 5	Paving Size (mm)	Joint Size (mm) 30 x 8
600 x 600	13.5 m ²	600 x 600	8.5 m ²
600 x 450	11.5 m ²	600 x 450	7.0 m ²
450 x 450	10.0 m ²	450 x 450	6.0 m ²
600 x 300	9.0 m ²	600 x 300	5.5 m ²

* Note: this is only a guide. Because accuracy of gap width and depth cannot be uniformly guaranteed, the above table is only a reasonable estimate of the amount of material required.

**Find out how many tubs you'll need -
Click on Calculator tab on azpects.co.uk**

All of our products are manufactured to a professional grade to enable the job to be completed to a high standard, but with the least possible effort by either a professional or home user.

The Professional's Choice

For cleaners & treatments take a look at our **EASYCare range**

[illegible]

Stone & paving protector

- Ideal for natural stone and concrete
- Water based, non-solvent, non-toxic formulation
- Allows stone to breathe
- Virtually invisible, no skin or shine
- Good anti-stain qualities
- Great value for money

Superior sealer - tough & long lasting protection

- Designed to give the highest level of protection on natural stone and concrete
- Superior scrub rate, hard wearing and long lasting
- Resists build-up of Algae and Lichen
- Top level stain repellent properties
- Non-solvent, non-toxic formulation
- Probably, the best water based sealer available!
- Virtually invisible on most types of natural stone

Block & concrete sealer with sand binder

- High grade Polymer based sealer and sand binder
- Specifically designed for use with concrete and particularly block driveways
- Water-based, non-solvent, non-toxic formulation
- Can be applied to damp surfaces, sand doesn't need to be perfectly dry
- Hard wearing, long lasting finish
- Excellent oil and water repellent
- Weed resistant

Block paving & concrete sealer

- Effective water based acrylic sealer and protector
- Ideal for concrete paving and concrete interlocking blocks
- Shares many protective qualities of BCS but delivers them in a different way
- Very affordable and available in a 5 & 20 litre bottle
- Impedes Algae and Lichen growth
- Excellent oil and water repellent
- Stain resistant properties
- Hard wearing

Multi-surface Water Seal+

Dries out wet walls and increases thermal qualities of your home.

Not just a water sealer - it's so much more!

- Penetrating water repellent for porous brickwork, masonry and timber
- Allows masonry to dry and breathe by letting trapped moisture escape
- For use on vertical and horizontal surfaces
- Invisible coating - no long term textural or colour change

Suitable for all types of porous Natural Stone

2 in 1 combination Colour Enhancer and Protector

Put life into your paths, patios and drives.

- Easy to use
- Safe to use on all natural stone
- Professional grade
- Enriches and enhances the natural stone colour
- No false shiny finish
- Protective ingredients built in
- Resists staining

Slate & Limestone reviver

- For use on ALL slate and limestone paving
- Enriches and stabilises colour, especially black
- Clear protective seal against water, oil, grease and stains
- Resists Algae build up

Back to Black Limestone

- Revive faded Black Limestone
- Excellent beading
- Water resistant
- Uniform colour enhancement
- One coat provides a matt finish
- Overcoatable with itself

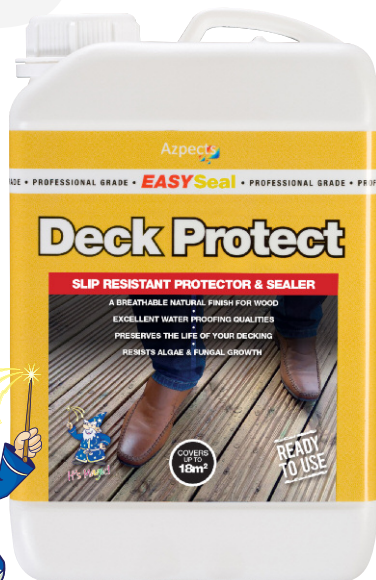

Enhanced deck grip

Safer grip in the wet!
MULTIPLE ACTIONS IN 1 BOTTLE

- Improves grip on wet timber flooring and decking
- Seals the wood yet allows it to breathe
- Excellent water proofing qualities
- Preserves the life of your decking
- Resists algae and fungal growth
- Water based - contains no abrasives
- Virtually invisible

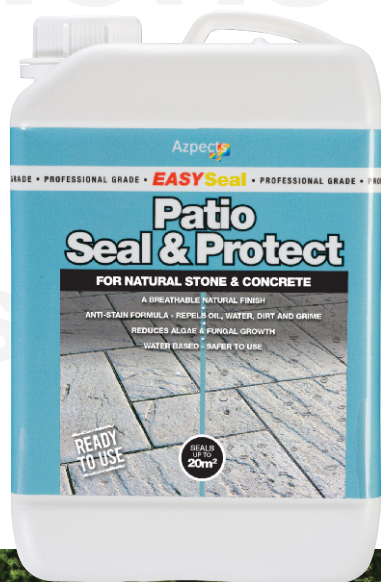

It's Magic!

To clean & rejuvenate decking
use **EASY Patio & Deck Cleaner**

Patio Seal & Protect perfect for natural stone & concrete

- A breathable natural finish
- Anti-stain formula - repels oil, water, dirt and grime
- Reduces algae and fungal growth
- Water based - safer to use

A close-up portrait of a woman with long, wavy, light brown hair. She is smiling warmly at the camera, showing her teeth. Her hands are resting on a dark brown, woven wicker basket, with her chin resting on her hands. The background is a soft, out-of-focus green, suggesting an outdoor setting with foliage. The lighting is bright and natural, highlighting her features and the texture of her hair and the basket.

At Azpects we are truly passionate about our products and have always worked on the basis that customers will only come back for good products at the right price.

With excellent customer service, dedicated sales contacts and quick order and delivery turnarounds our aim is to exceed our customer's expectations.

EASYCare

A range of professional grade cleaners and treatments, many of which use leading edge technology to provide a powerful punch in a small ecologically friendly bottle.

Our Care Range products are either supplied 'ready to use' or in a concentrated formula.

A real breakthrough in cleaning treatments.

PROFESSIONAL GRADE concentrates & ready to use solutions

To keep your paving & decking looking great
take a look at the **EASYSeal** range

Algae Remove & Seal for paths, patios, decking, roofing & walls

3 litre, ready to use

- Unique time saving 2 in 1 formula
- Ideal for use on garden furniture, paths and patios
- No scrubbing or power washing required
- Fast acting and long lasting

Fast & effortless algae removal

1 litre super concentrate & 750ml trigger spray

- Results can be seen in hours
- Kills and controls algae, mould and lichen
- Ideal for natural stone, concrete, timber and most other surfaces
- Apply and leave to work - No rinsing required

Neutralises salt stains from new brickwork & paving

1 litre super concentrate

- Gives long lasting results using an organic blend which neutralises and dissolves the salts back into a solution ready to be washed away
- Contamination from existing salts will disappear forever
- Apply using a spray, watering can or brush. Leave for 2 hours and then wash away residue

Additional applications may be required for particularly stubborn areas

Not all white deposits on substrates are efflorescence. This product will not dissolve harder calcium deposits or lime wash, for these problems use EASY Mortar Stain & Calcium Remover

Remove cement residue

1 litre super concentrate

- A powerful ecological cleaner to remove cement residue, scale, oxidation, atmospheric contamination and hard white calcium deposits
- There is no need to neutralise after application!
- Apply and then agitate with a stiff brush, leave for 10 minutes before washing off
- 1 bottle cleans up to 60m² depending on contamination levels

For the removal of efflorescence use *EASy* Efflorescence Remover⁺

Superior removal of dirt & grime

1 litre super concentrate

- Removes build-up of dirt and grime from patios and decking
- Superior performance on exterior surfaces
- Professional strength, easy rinsing
- Suitable for all types of natural stone, concrete and timber decking

For slip resistant decking use *EASySeal* Deck Protect
